University of Delhi.

Subject: Urgent Advisory Regarding Student Safety

Dear Principal,

It has come to our notice that certain candidates are attempting to lure students outside the college premises by offering attractions such as movies, fun & adventure parks and other activities. It has also been observed that buses are being parked outside college gates for this purpose and students, particularly female students, are being transported in these vehicles to participate in such activities.

You are hereby directed to maintain strict vigilance and ensure that no such activity takes place in or around your college. Kindly note that the responsibility for any such incident will rest entirely with the concerned college administration. If any student leaves the college in such buses and an unfortunate mishap occurs, the college authorities will be held fully accountable.

You are therefore requested to remain alert and take immediate preventive measures in this regard.

Regards,

Proctor
